

# ***Community Focus Bulletin:*** ***Creating Community Conversations***

Prepared by Merriam & Associates

No. 9– 2016

## **City of Peterborough Water Resource Funding Study**

The City of Peterborough has started a study about creating an equitable and dedicated funding source for stormwater management, as well as exploring options to create a single funding source with sanitary services. Managing the quality and quantity of stormwater reaching streams and rivers is critical to the protection of the health and safety of the public and the environment.

**Your input is important and you can provide it in a variety of ways.**

- 1) You are invited to stop by a **Public Discussion Session** to learn more and provide your ideas about: the project; principles to guide decisions; current and possible future funding models.

**Thursday, June 23, 2016**

**Front Foyer, City Hall**

**5:00 p.m. – 7:30 p.m.**

- 2) Take a **short survey**, learn more and tell us what you think by visiting the project website or by contacting the project team.
